Dear Selected Independent Funeral Home Members,

On behalf of the Cremation Association of North America, I am delighted to extend our congratulations to Selected Independent Funeral Homes as you commemorate 100 years of service and commitment to the death care industry. The longevity of your organization, the traditions you have established with consumers and your members, and your dedication to the success of funeral service is an impressive milestone, proving that good things endure.

For over a century, the members of your organization have worked to serve families and individuals with the compassionate care and professional integrity that are a necessity for the survival of the profession. CANA has been pleased to collaborate with you over the years. Associations such as ours are essential to maintaining consumers' trust and confidence in the men and women who provide service during such a difficult time in their lives.

CANA especially commends you for the many programs you've undertaken over the last century to educate your members and the public about the importance of funeral service. You ensure that they are lifelong learners, fully engaged in the work they perform. Your efforts have had a lasting and positive effect on us all.

CANA's Board of Directors, leadership, and staff wish you continued success for many years to come.

Sincerely,
